## **PUBLICATION COVER SHEET**

If this form is accompanied by a reprint of **a journal article**, you need to complete only the CAT affiliation, discipline, beamline, and funding agency information. If you submit a copy of **a conference paper, conference proceedings, or book chapter**, complete, in addition, all information for that publication type. If you submit only this form, complete ALL relevant information for the type of publication submitted. **Missing information may delay publication database entry.** 

Note: Only Citiations for published work will appear in publicly accessible APS publication.
